Highlights

A great spare or replacement
The 30-pin to USB cable is essential for syncing your iPhone or iPod with iTunes, and for charging via your computer or USB charger. Carry it with you, keep it at your desk or replace the one you lost so you're always able to connect and charge when you need to.

Cable to charge iPod or iPhone
This USB 2.0 cable connects to your computer via USB to easily charge your iPod or iPhone. Also use to connect to any USB wall or auto charger to power and charge your iPod or iPhone.

Cable to sync iPod or iPhone
This USB 2.0 cable connects to your computer via USB to sync your iPod or iPhone with iTunes for transferring music, photos, apps, updates and more.

Convenient USB wall charger
The compact wall charger plugs into any wall outlet, and connects to your device via USB for easy and convenient charging at home, at the office or while travelling.

LED power-indicator light
The discreet LED light glows softly to let you know at a glance that the unit is charged.

USB charging cable included
The included USB cable connects your device to a charging unit — like your laptop or a USB wall adapter — for easy access to your device while it charges.

Works with USB-based devices
The universal unit has a USB connection for use with your USB-based device via the device's USB cable which you already own or can purchase separately.
